To Whom It May Concern:

It is my pleasure to write this letter of recommendation for Mr. Rob Holladay of the Clear the Fog assembly and Impact Presentations. Rob recently presented his program to our students; it was everything that we were looking for in a tobacco education program.

His message emphasizes Vaping, Juuling, and Tobacco awareness, and really drives home the message of making positive choices, resisting peer pressure, and reaching out to adults for help. In addition, Rob Holladay's program was highly educational, interactive, and filled with a lot of audience participation. I sincerely think that our students were impacted by what he said and did during the presentation.

I highly recommend Mr. Rob Holladay and his Clear the Fog assembly if you are looking for a presentation that will educate and impact your students and staff concerning the epidemic of Vaping, Juuling, and Tobacco.

Sincerely,
